Jackson, MI 49201

NEW....

*Multi-Functional
Gage Base*

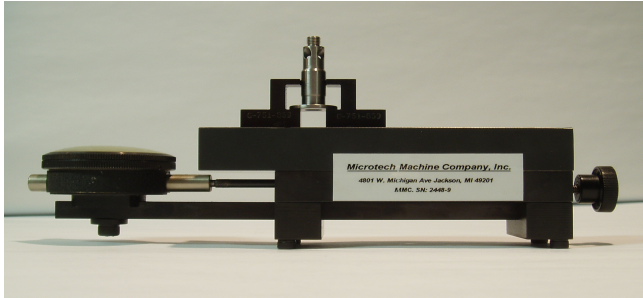

Now Available Through

**MICROTECH MACHINE CO
AND
MICROTECH GAGING**

THE MULTI-FUNCTIONAL GAGE BASE:

Can be used for inspecting multiple
dimensions such as:

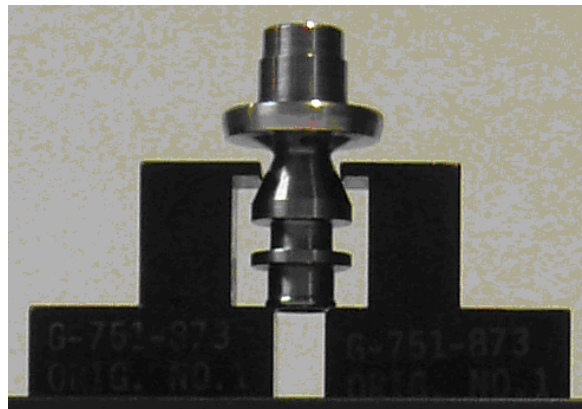

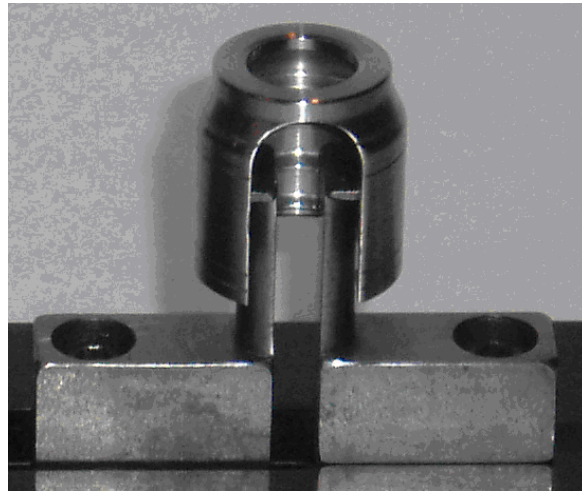

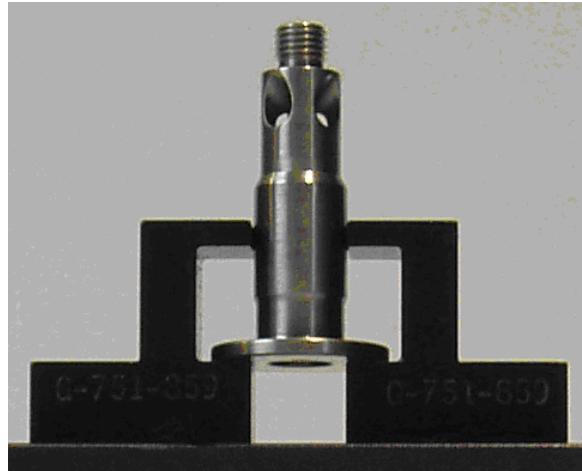

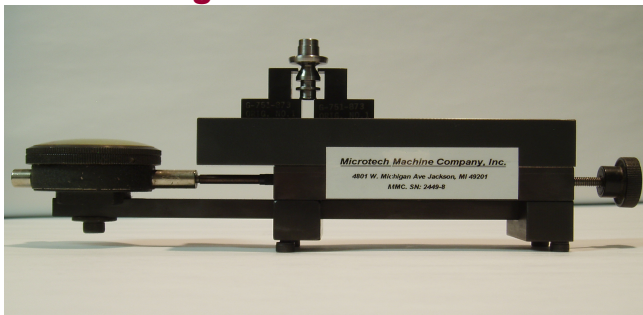

Outside Diameters

Inside Diameters

Basic Length Diameters

THE MULTI-FUNCTIONAL GAGE BASE:

- Ensures consistent measuring (versus a micrometer) across multiple operators.
- Improves efficiency as specific dimensions can be checked right at the machine.
- Works with a standard dial indicator or digital indicator.
- Can be customized to fit your application.

FINGERS:

Microtech Gaging carries a large inventory of fingers that can be used with the Multi-Functional Gage Base if needed.

Call or email for more information.
